TOBACCO SEASON DRAWING CLOSE AT HAND.

It is now a matter of but a short time until hundreds of wagons will be coming to Paris from all parts of the county, bringing in to the local warehouses Bourbon's splendid crop of loose leaf tobacco. There have been some drawbacks in raising this year's crop, but, on the whole, it is well up in average quality, and will bring the growers good money.

There is, of course, the customary speculation as to price, but it can be safely predicted that high figures will prevail for good tobacco. The demand is even greater than last year for both chewing and smoking tobacco, and there are other reasons for expecting good prices.

The largest sale of tobacco ever known here as regards price was closed last week when Groin Brothers sold to the American Tobacco Company 898 hogsheads, or 950,000 pounds of Burley tobacco of the 1916 crop at 30 cents a pound.

This practically clears up the old Burley of Kentucky, Ohio and Indiana. They also sold to Richmond and Louisville firms 450,000 pounds of dark Indiana sucker leaf and lugs at an average of 18 1/4 cents, a record for this.

The following purchases of the week were recently made by Burke & Collins, for the Bourbon Tobacco Warehouse: 8,000 pounds from Wm. Grimes, of Paris, at \$28.50; 20,000 pounds from N. H. Fletcher, of Montgomery county, at \$28.00; 10,000 pounds from Layson & Riggs, of Millersburg, at \$35.00.

Mr. Ben F. Buckley, of near Centerville, purchased about 42,000 pounds from Dr. A. J. A. Alexander and tenants, in Woodford county at \$29.00. His son, Mr. Claude Buckley, purchased 20,000 pounds from the same parties at \$35.00.

SERIES OF ACCIDENTS.

In a collision between two autos belonging to Mr. Varden Shipp, of near Clintonville, and Mr. Matt Lair, near the Farmers Supply Co.'s, on Main street, both machines were badly damaged. The occupants were uninjured.

A horse driven by Mrs. L. B. Keal, of Nepton, became frightened at a locomotive on the L. & N. while en route to Paris and attempted to run away. The occupants of the buggy, Mrs. Keal, two daughters of Mrs. Charles Collins, of near Paris, and a colored girl, jumped from the vehicle, sustaining slight bruises. The colored girl managed to secure the reins and stop the horse. The women were sent to their homes, where examination developed that Mrs. Keal had sustained a sprained wrist.

Henry Morton, a colored farm hand employed by Mr. S. L. Weather, near Paris, was found at 10:30 o'clock Saturday morning on the Paris and Clintonville pike, with his head fastened between the standard and the hind wheel of a wagon, which he was driving. He was bleeding profusely from the nose and mouth.

Morton was on his way to Paris for a load of lumber, and at the time his body was found the team was standing still on the side of the road. Help was summoned and Morton removed to his home on the Weathers place, and medical aid summoned. Morton was unconscious from the time he was found until yesterday noon. He has been in Mr. Weather's employ for over sixteen years.

BOURBON MEN RECEIVE THEIR COMMISSIONS IN ARMY.

Present indications are than nearly every Paris and Bourbon county man now in training in the Officers Reserve Corps at Ft. Benjamin Harrison, will soon receive commission as officers in the service. According to information received here yesterday commissions were issued on Saturday to Cassius M. Clay, of Paris, as First Lieutenant, and James A. Redmon, of Millersburg as Second Lieutenant. Both are earnest, hardworking students and their promotion is a recognition of worth and merit.

Mr. and Mrs. Grant Galloway, of near Paris, received a telegram from their son, Mr. Fennell Galloway, who is at the officers' training camp at Ft. Benjamin Harrison, apprising them of his appointment as Second Lieutenant in the army. Lieut. Galloway will spend Thanksgiving with his parents, near Paris.

Stanley Taylor Chase, of Danville, grandson of Capt. Ed. Taylor, formerly of Paris, has been awarded a promotion at Ft. Benj. Harrison as First Lieutenant. Lieut. Chase is a son of Dr. H. S. Chase, of Junction City, well-known in Paris. He is twenty-one years old and enlisted in Lexington.

CHRISTMAS TURKEY MARKET TO OPEN DECEMBER 6.

The local turkey slaughtering and packing house of Chas. S. Brent & Bro., having closed a successful season for the Thanksgiving market, will be ready to receive and handle turkeys for the Christmas market about December 6. The season will close about the 15th or 16th.

The birds are of the best quality in many years and the farmers have realized quite a nice profit. For the last few weeks turkeys have been pouring into the local market and the crop is estimated to be away above the average. Last year it was about twenty per cent. below the normal.

In the early part of the season the farmers received twenty-three to twenty-five cents a pound for turkeys on foot. After the butchering for the Eastern shipments was over the maximum price dropped considerably. Turkeys on foot are selling for twenty-seven to thirty cents per pound, while the dressed birds are bringing from thirty-five to forty-five cents a pound. Although the demand for turkeys has been strong the dealers have received birds faster than they could be sold, and as a result there is a good supply still on the market.

In spite of the fact that the crop is above the average, it is estimated that between fifty and sixty per cent. of the turkeys are being held back for the Christmas market. Other fowls which grace the table on Thanksgiving Day are also plentiful, and it seems likely that Thursday of this week as well as Tuesday will not be "meatless days" as defined by Mr. Hoover.

USE GAS.

Use gas—it's cheaper than coal, and so much cleaner. No dirt, no kindling, etc. Remember, too, that the city will not let us tear up the streets for connections after the bad weather sets in. Have your gas connections made now, or you will not be able to have gas these long winter days. Call us up.

Franklin county had the unusual honor last week of furnishing a total of twenty recruits for the navy, all of them passing a successful examination, and being sent to the Naval Training Station at Norfolk, Virginia.

CLARK COUNTY LAD VICTIM OF PECULIAR ACCIDENT.

James Bybee Allen, son of Mr. and Mrs. J. K. Allen, of Clark county, had his nose broken Wednesday morning when he was "bitten" by an infuriated sheep. He was catching a number of sheep preparing to bring the animals to Winchester, when one of the drove taking him unawares sprang forward and struck him in the face.

LOUISVILLE POST SUPPORTS HON. CLAUDE M. THOMAS

The Lexington Herald's political writer, Mr. Maurice Burnaugh, formerly of Paris, writes in Sunday's paper, as follows:

"Whether the Democratic Forward League or the Stanley men are to hold the upper hand in the lower House of the coming Legislature will be decided to a great extent when the Speaker of the House is selected. Claude M. Thomas, of the neighboring county of Bourbon, is at present the Democratic Forward League's selection for that seat while the administration is preparing Robert T. Crowe, of LaGrange, to oppose him in the caucus. During the past week the Louisville Evening Post got in strongly behind Thomas, declaring editorially that his nomination 'would be everywhere greeted as an indication that the Democratic party in the State proposed to put its affairs on the highest plane.'"

WANTS NAMES OF SOLDIERS AT CAMP TAYLOR.

Mrs. Thos. A. McDonald, president of Richard Hawes Chapter, U. D. C., of Paris, is in receipt of a letter from Mrs. James B. Camp, of Louisville, State President of the U. D. C., asking her to send a list of the Paris and Bourbon county soldiers at Camp Zachary Taylor, who are sons or grandsons of Confederate veterans. It is Mrs. Camp's purpose to visit all such, and if they are sick to see that they are given attention.

A list of these soldiers will be furnished to Mrs. Camp as soon as they can be compiled. It is requested that all who know the names of such soldiers please communicate them to Mrs. McDonald, at Paris, by mail, or telephone, or personally.

WAR STAMPS ON ALL LEGAL PAPERS.

Documentary stamps, which, after December 1, must be attached to all deeds, notes, mortgages, and other legal papers can be obtained from Chief Deputy Wm. Grayot, in the office of Revenue Collector Percy Haley, at Lexington.

The Collector's office has received a large supply of these stamps from Washington. Although it is several days before the stamp provision of the revenue law goes into effect, many persons have expressed a desire to obtain a stock of stamps before that time.

COLOR WOMAN MEETS AW-FUL FATE.

The body of Susie Allen, middle-aged colored woman, residing near Little Rock, was found by a searching party in a hog pen near the Allen home. The body was badly mutilated and disfigured, the features being almost unrecognizable.

The Allen woman, who is the wife of Willis Allen, went to the hog pen to feed the hogs, and not returning, a search was instituted for her, resulting in finding her dead body.

The woman was subject to attacks of vertigo and heart trouble, and the theory was advanced that, in leaning over the rails of the pen, she was seized with an attack of vertigo, and fell into the pen. Her face, arms and other parts of her body had been frightfully mutilated by the hogs.

Coroner Rudolph Davis being out of the city, Magistrate Roger Burris, of the Little Rock precinct, was summoned. Squire Burris held an inquest, which developed the facts as stated above, a formal inquest being deemed unnecessary.

THANKSGIVING LEGAL HOLIDAY.

Thursday (Thanksgiving Day) being a legal holiday, the banks and postoffice will be closed.

No business will be transacted in the registry or money order department at the postoffice.

The delivery window will be open from 11:30 to 12:30, for the accommodation of residents who get mail on the rural routes and the city patrons. There will be one mail delivery in the city and two collections, the last at four o'clock in the afternoon. There will be no delivery on the eight rural routes out of the Paris office.

The schools will close for the holidays, and a large proportion of the business houses will observe the day by giving a half-holiday to employees.

As has long been the custom the day will be featured with special services in many of the Paris churches, and Thanksgiving offerings will be received for various charitable organizations supported by churches and fraternal orders.

LET'S RETURN THANKS

This will be Thanksgiving week, and next Thursday will be Thanksgiving Day. Our people will be very busy studying over the many things for which to give thanks, and how to make a nice menu for the hearty family on that day of all days, so as not to impair their strength and cheer, while keeping within the bonds of the new and necessary rules for saving.

We may have turkey, for that is a meat that cannot be sent abroad, and we already have a fruit jelly that can be substituted for any seasoning requiring sugar. All sorts of nice vegetables are allowed, and fruits in abundance. Candy from the shops need not be tabooed, as there is a lot here already made, which will have to be used, and this will afford the sweets necessary to conserve sugar.

One of the chief causes for thankfulness is that we may send Christmas gifts and letters to our men at the front, in the cantonments, on the seas and in other places, and that the Government has arranged to see that the mail is forwarded to them at the very earliest possible moment.

All over the land the Red Cross women have made the most acceptable gifts by the hundreds for the boys in the trenches and each one will be remembered without partiality, as no names have been given. The Paris and Bourbon County Chapters have made good long ago and the boxes have been on the road in time to get out of the way of the general crush at the last minute.

Let's all give thanks at home. There is much to be thankful for. We can each return thanks in his or her own way, and it will come out all right in the end.

Let all Americans be thankful that they are American citizens and not a "Hun."

MME. PETROVA "IN THE LAW OF THE LAND."

Mme. Petrova has been in America six years. June 20, 1917, marked the anniversary of the distinguished Russian artist's arrival in this country. Up to that time she had won a most enviable reputation on the Continent and in England as a vaudeville artist of remarkable skill and versatility.

Mme. Petrova has also gained prominence as an interviewer and dramatic writer on the London Tribune, when her remarkable performance on the stage attracted the attention of Jesse L. Lasky, who was visiting Europe for the express purpose of finding talent for his joint enterprise with Henry B. Harris, the "Folies Bergeres."

Several months ago she rejoined Mr. Lasky in his newer field of endeavor, becoming a Lasky star in Paramount pictures. Her first Paramount production, "The Undying Flame," has already been presented to the public and won the unqualified approval of the press and public alike.

Mme. Petrova is now appearing in "The Law of the Land," an adaptation from George Broadhurst's celebrated play of that name. This was directed by Maurice Tourneur, who also directed "The Undying Flame." "The Law of the Land" has been announced to appear at the Alamo and Paris Grand Theatre on Wednesday afternoon and evening, November 28.

ALLEGED WIFE BEATER IS DISMISSED.

A warrant issued by Squire Ernest Martin for Dudley Caswell, by his wife, on a charge of beating her was dismissed in Police Court, the complainant failing to appear against her erring husband.

Caswell and wife reside on the fringe of Claysville. Both have figured in the courts before. The warrant was served on Caswell by Patrolman Mynes. The officer had to break in the door to get Caswell, who insisted he had no proper clothes to appear in public, but was "persuaded" to come along anyway.
